The village is inhabited and well maintained, characterized by narrow streets between the ancient stone houses and enchanting panoramic views of the surrounding rolling hills. In the village a small shop offers basic necessities such as groceries, tobacco and newspapers and there is a restaurant as well as several other places where you can taste local products and cuisine a few kilometers from the village. Belforte offers its visitors an ideal climate and a pleasantly relaxed atmosphere, far from the noise and frenzy of the big centers, a corner of authentic Tuscany but not far from the most popular destinations, in fact in less than an hour by car you can reach prestigious locations such as Siena, San Gimignano and Volterra as well as the beaches of the Tyrrhenian Coast.
